

# TABLE OF CONTENTS

<b>LIST OF ABBREVIATIONS</b> .....	xi
<b>INTRODUCTION</b> .....	1
<b>CHAPTER 1. MAKING ENVIRONMENTAL LAW IN THE EUROPEAN UNION</b> .....	5
1. A Community or a Union? .....	5
2. Principles and Values .....	9
2.1. General Principles and Values .....	9
2.2. Environmental Principles and Values .....	16
3. Institutions .....	27
3.1. Commission .....	28
3.2. Council of Ministers .....	30
3.3. Parliament .....	33
3.4. European Council .....	36
3.5. Court of Justice and Court of First Instance .....	36
3.6. Other Institutions and Agencies .....	39
4. The Legislative Process .....	41
4.1. Sources of Community Law .....	41
4.2. Making a Proposal .....	42
4.3. The Workings of the Council .....	44
4.4. Interplay of Parliament and Council .....	45
4.5. Legitimacy of the Legislative Process .....	48
5. Enforcement .....	55
6. Evolution and Future Direction .....	58
<b>CHAPTER 2. A FEDERAL ENVIRONMENTAL LAW FOR EUROPE</b> .....	61
1. A Framework for EC Environmental Law .....	61
2. EC Environmental Law as Public Law .....	63
2.1. Evolutionary Incentive .....	63
2.2. Environmental Issues as Management Issues .....	64
2.3. Environmental Issues as Process Issues .....	67
2.3.1. Culmination of Proceduralization .....	67
2.3.2. Institutionalization of Differentiation .....	72
2.3.3. Controlled Differentiation .....	74
2.4. Organization and Administrative Structure .....	75
2.5. Institutionalized Public Participation .....	78

3.	EC Environmental Law as International Law .....	81
4.	EC Law as a Synthesis Between Public Law and International Law .....	84
5.	The Normative Development of EC Environmental Law .....	87
	5.1. Bureaucratization .....	88
	5.2. Internationalism and Environmentalism .....	91
<b>CHAPTER 3. HORIZONTAL LEGISLATION .....</b>		<b>95</b>
1.	Strategic and Planning Instruments .....	97
	1.1. Environmental Action Programs .....	98
	1.2. EIA and SEA .....	100
2.	Voluntaristic Instruments .....	105
	2.1. Eco-management and Audit Scheme .....	105
	2.2. Integrated Pollution Prevention and Control .....	109
	2.3. Environmental Agreements .....	112
3.	Information Instruments .....	112
	3.1. Access to Information and Justice and Right to Participation .....	112
	3.2. Eco-labeling .....	121
4.	Market-based Instruments .....	123
	4.1. Climate Change and Tradable Allowances .....	125
	4.2. Climate Change and Eco-taxes .....	126
5.	Conclusion .....	127
<b>CHAPTER 4. REGULATING AIR POLLUTION .....</b>		<b>129</b>
1.	Air Pollution in Europe: the Facts .....	129
2.	Policies and Rules for Clean Air .....	131
	2.1. The Legislative Approach of 1970s and 1980s .....	134
	2.1.1. The 1970s Approach and its Evolution: A Source Approach .....	134
	2.1.2. The 1980s Approach: Emission Standards and Limit Values .....	139
	2.2. The 1990s Approach: A Process Approach .....	143
	2.2.1. The Air Framework Directive as a Methodological Directive .....	144
	2.2.2. Differentiation and the NECs Directive .....	148
	2.2.3. The Daughter Directives .....	149
3.	International Instruments: the CLRTAP Regime .....	153
	3.1. The Sulfur Protocols .....	155
	3.2. The Nitrogen Oxide Protocol .....	157
	3.3. The VOCs, Heavy Metals and POPs Protocols .....	158
	3.4. Towards Integrated Protocols .....	161

4.	Conclusion .....	162
<b>CHAPTER 5. REGULATING WATER POLLUTION .....</b>		
1.	Water Pollution: the Facts .....	163
2.	Water Protection Legislation .....	164
2.1.	The Legislative Approach of the 1970s, 1980s and 1990s .	166
2.1.1.	The 1970s: From Medium to Substance .....	166
2.1.2.	The 1980s: Detailed Regulation of Substances .....	173
2.1.3.	The 1990s: Focus on Substances and Sources .....	175
2.2.	The Water Framework Directive .....	178
2.2.1.	Negotiating History .....	179
2.2.2.	Purpose .....	180
2.2.3.	Organization .....	182
2.2.4.	Classification of Waters .....	184
2.2.5.	Regulation of Hazardous Substances .....	187
2.2.6.	Monitoring .....	189
2.2.7.	Public Participation .....	190
2.2.8.	Timetable and Derogations .....	191
2.2.9.	Overall Appraisal .....	194
3.	International Water Protection Regimes .....	197
3.1.	Protection of Rivers: Rhine and Danube .....	197
3.2.	Protection of Seas and ICZM .....	201
3.2.1.	The OSPAR Regime .....	204
3.2.2.	The HELCOM Regime .....	207
3.2.3.	The MAP Regime .....	208
3.3.	Comparisons .....	211
4.	Conclusion .....	214
<b>CHAPTER 6. REGULATING WASTE POLLUTION .....</b>		
1.	Waste Management: the Facts .....	217
2.	Hazardous Waste Management: a Comprehensive System .....	218
2.1.	A Framework for Managing Wastes .....	220
2.2.	Incineration and Landfill Legislation .....	224
2.3.	Special Wastes .....	227
2.4.	Packaging Waste .....	231
3.	Radioactive Waste Management .....	232
4.	Cross-border Waste Movements: a Fragmented Process .....	234
4.1.	The International Regime for Waste Transfers .....	234
4.2.	Waste Trade versus Environmental Protection .....	238
4.3.	EC Regulation on Transboundary Waste Movements .....	244
4.3.1.	Intra-Community Trade .....	245
4.3.2.	Waste Exports .....	249

4.3.3. Waste Imports .....	251
4.3.4. Common Provisions .....	252
4.3.5. Recent Developments .....	253
5. Cross-border Movements of Radioactive Waste .....	254
6. Conclusion .....	257
<b>CHAPTER 7. REGULATING BIODIVERSITY .....</b>	<b>261</b>
1. Biodiversity Protection: Facts and Methods .....	261
1.1. Nature Reserves .....	262
1.2. Restoration .....	265
1.3. Gene Banks .....	266
2. Biodiversity Policies .....	271
2.1. Regulation of Habitats and Species .....	272
2.2. Policies and Strategies for Forest Protection .....	276
2.3. Strategies for the Protection of Biodiversity .....	278
3. The International Regulation of Biodiversity .....	279
3.1. Convention on Biological Diversity .....	280
3.2. Conventions on Species and Habitats .....	287
3.3. Trade in Species and the CITES Convention .....	294
3.4. Pan-European Biodiversity Strategy .....	297
4. Conclusion .....	299
<b>CONCLUSION .....</b>	<b>301</b>
<b>INDEX .....</b>	<b>303</b>
